4.6.8 The Board of Examiners may draw up rules that specify under which conditions it may exercise its power as specified in Article 7.12b (3) of the Act to determine that students do not have to pass every examination and/or under which conditions the results of constituent examinations can compensate for each other. These rules are specified in the Rules and Regulations of the Board of Examiners.

Article 4.7 **Period of validity of examinations**

4.7.1 The Faculty Board may limit the validity of an examination pass, subject to the authority of the Board of Examiners to extend the period of validity in individual cases. The period of validity of an examination pass may only be limited if the examined knowledge, understanding or skills are demonstrably outdated.

4.7.2 The Board of Examiners may, in accordance with the criteria specified in the Rules and Regulations and at the request of the student, extend the validity of examinations for a period to be specified by the Board itself. In the event of special circumstances in the sense of article 7.51, (2), of the Act, the Board of Examiners shall act in accordance with the pertinent provisions in article 7.10, (4) of the Act.

- has demonstrated, through relevant work or professional experience, that he or she has acquired sufficient skills and knowledge in relation to the component in question, or
- has passed Pre-University College, in which case, the Board of Examiners determines the component(s) for which the exemption is granted.

Article 4.10 **Final examination**

4.10.1 The Board of Examiners awards a degree certificate when there is sufficient proof that the final examination has been passed.

4.10.2 As part of the final examination, the Board of Examiners is entitled to conduct its own evaluation of the knowledge, understanding and skills of the examination candidate and to assess the results.

4.10.3 The degree is only conferred once the Executive Board has declared that all procedural requirements (including the requirement to pay tuition fees) have been met. One degree certificate is awarded for each programme. The degree certificate states that the programme or specialisation was delivered by Leiden University.

4.10.4 Pursuant to the regulations referred to in Article 7.11 (3) of the Act, a student who is entitled to graduate may ask the Board of Examiners to postpone graduation, as long as the student has not exceeded the maximum period of enrolment of four years for the programme in question.

4.10.5 This request must be submitted within five working days of the student receiving notification of his or her final examination results. In the request the student must indicate when he or she wishes to receive the degree certificate.

4.10.6 The Board of Examiners may also approve the request if refusing it would result in a considerable injustice.

4.10.7 A supplement in Dutch and/or in English that conforms to the standard European Diploma Supplement format, including the grading table applicable for the degree programme, is attached to the degree certificate. In addition to the degree certificate, students are issued with a translation of the degree certificate and a certificate in Latin.

Article 4.11 The degree

4.11.1 The degree of Bachelor of Science is awarded to those who have passed the final examination of the programme.

4.11.2 The degree certificate specifies which degree has been awarded.

Article 4.12 Degree classification

4.12.1 The student is awarded a degree classification for the final examination.

4.12.2 The degree classification is based on the weighted average of the grades obtained for all the examinations that form part of the final examination, with the exception of the components for which an exemption was granted or examinations or for which the student only obtained a proof of attendance. Programme components completed from other programmes, including components followed abroad, must be approved by the Board of Examiners.

4.12.3 The weighted average of all grades is determined by multiplying the number of ECTS credits for each component by the grade awarded for this component, adding these together and then dividing the result by the number of credits earned.

4.12.4 Without prejudice to the provisions of 4.12.6 and 4.12.7, the degree certificate and diploma supplement include the 'cum laude' classification if the following conditions are met for the full-time programmes:

for the Bachelor's final examination:

- the weighted average for all components is 8.0 or higher;
- the grade for the bachelor's thesis is 8.0 or higher;
- the Bachelor's final examination was passed within four academic years.

The Board of Examiners sets corresponding conditions for part-time programmes, proportionate to the nominal duration of the study programme.

4.12.5 Without prejudice to the provisions of 4.12.6 and 4.12.7, the degree certificate and the diploma supplement include the 'summa cum laude' classification if the following conditions are met for the full-time programmes:

for the Bachelor's final examination:

- the weighted average for all components is 9.0 or higher;
- the grade for the Bachelor's thesis is 9.0 or higher;
- the Bachelor's final examination was passed within three academic years.

The Board of Examiners sets corresponding conditions for part-time programmes, proportionate to the nominal duration of the study programme.

4.12.6 The Board of Examiners may also decide to award a distinction in other, exceptional cases, on the condition that the weighted average grade does not differ by more than 0.5 from the grades stipulated in the fourth and fifth paragraphs above. This may involve such considerations as the student's development throughout his or her study programme, any exceptional performances on

the part of the student in completing the final paper or thesis and any other relevant exceptional circumstances.

4.12.7 If a student has been subject to disciplinary measures as a result of irregularity, fraud or plagiarism, he or she is not awarded a distinction.

Article 6.2 Introduction and student counselling

As referred to in the Leiden University Regulation on the Binding Study Advice, the programme must provide an introduction and counselling for all students who are enrolled in the programme, in order to familiarise them with their study options in the programme and elsewhere and to facilitate their progress in their studies.¹²

Article 6.3 Study advice

6.3.1 In their first year of enrolment, all students are provided with advice on the continuation of their studies. The Board of Examiners is mandated by the Faculty Board to issue this study advice. For information on the requirements, the number of times and the occasion when the advice is issued, and the possible consequences of this advice, see the Leiden University Regulation on the Binding Study Advice that applies to the academic year in question, as well as 6.3.2.

Chapter 7 Evaluation of the Programme

Article 7.1 Evaluation of the programme

The education in the programme is evaluated as follows:

- The courses are evaluated yearly. A standardised questionnaire is offered to students during the final examination or course meeting. The Bachelor's Programme Committee advises the Board of Education about possible measures to improve the quality of the courses.
- The programme is evaluated yearly. A standardised questionnaire is offered to students in their third year.
