

*Model OER B 2017-2018 EN*  
*Established 20 December 2016*

## **COURSE AND EXAMINATION REGULATIONS**

Valid from 1 September 2017

Bachelor's programme in **Political Science**

These Course and Examination Regulations (henceforth the OER) have been drawn up in accordance with the Higher Education and Research Act [*Wet op het hoger onderwijs en wetenschappelijk onderzoek*; WHW] (henceforth the Act) and the following Leiden University regulations:

- the Regulation on the Binding Study Advice;
- the Leiden Register of Study Programmes Framework Document;
- the Academic Calendar;
- the Regulations for Student Registration.

Pursuant to Article 7.14 of the Act, the Faculty Board regularly evaluates the OER and considers, for the purpose of monitoring and – if necessary – adjusting the study load, how much time it takes students to comply with them. In accordance with Article 9.18 of the Act, the department learning and teaching committee is assigned the task of annually assessing the implementation of the OER.

## **Chapter 1      General Provisions**

### **Article 1.1      Scope of the regulations**

These regulations apply to the teaching and examinations of the bachelor's programme(s) in Political Science, henceforth referred to as the programme.

The programme is instituted in the Faculty of Social and Behavioural Sciences of Leiden University, henceforth referred to as the Faculty, and is taught in Leiden and The Hague by the Institute of Political Science.

### **Article 1.2      Definitions**

In these regulations the following definitions apply:

- a. the Act: the Higher Education and Research Act [*Wet op het hoger onderwijs en wetenschappelijk onderzoek*; WHW];
- b. Board of Examiners: the Board of Examiners for the programme, established and appointed by the Faculty Board in accordance with Article 7.12a of the Act;
- c. component: a unit of study in the programme, as defined in Article 7.3 of the Act. The study load of each component is expressed in whole credits. Each component is associated with an examination;
- d. credit: the unit in ECs that expresses the study load of a component as referred to in the Act. According to the ECTS, one credit equals 28 hours of study;
- e. degree classification: further degree classification by the Board of Examiners;
- f. EC(TS) European Credit (Transfer System);
- g. e-Prospectus: the electronic prospectus containing specific and binding information about the programme. The e-Prospectus is included as an appendix to these regulations;
- h. examination: an inspection of the knowledge, understanding and skills of the student with respect to a particular component, and an assessment thereof (in accordance with Article 7.10 of the Act). An examination may consist of several constituent examinations. The inspection is conducted according to the method determined by the Board of the Examiners to assure the quality of examination;
- i. examiner: the person appointed by the Board of Examiners to conduct examinations, in accordance with Article 7.12c of the Act;

- j. final examination: the examinations associated with the components belonging to the programme or the propaedeutic phase of the programme, including an investigation to be carried out by the Board of Examiners itself, as referred to in Article 7.10 (2) of the Act;
- k. Leiden Register of Study Programmes: register of the programmes offered by Leiden University, maintained under the supervision of the Executive Board, as referred to in Article 7 of the Executive and Management Regulations;
- l. level: the level of a component according to the abstract structure as defined in the Leiden Register of Study Programmes Framework Document;<sup>1</sup>
- m. nominal duration of study: the study load in years of study as established in the Central Register of Higher Education Programmes;
- n. portfolio: a monitoring and assessment file with which students (1) demonstrate that they have achieved a sufficient level of academic education to be awarded the degree; (2) record their personal process of academic learning during the programme; and (3) receive appropriate supervision and study advice;
- o. practical: a practical assignment that contributes to an examination or final examination, as referred to in Article 7.13 (2) (d) of the Act, and takes one of the following forms:
- writing a thesis/final paper/final report,
  - writing a paper or creating an artistic work,
  - carrying out a research assignment,
  - participating in fieldwork or an excursion,
  - completing an internship, or
  - participating in another educational activity aimed at acquiring particular skills;
- p. Pre-University College: a teaching programme offered by Leiden University to selected pupils in the fifth and sixth grades of secondary education (VWO);
- q. programme: the programme to which the OER relate: a coherent set of components, aimed at achieving clearly defined objectives relating to the knowledge, understanding and skills that a graduate of the programme is expected to have acquired. Each programme is associated with a final examination;
- r. propaedeutic phase: the first year of the programme, with a study load of 60 ECs, as defined in Article 7.8 of the Act. A final examination is associated with this phase, unless the Faculty determines otherwise in these regulations;

---

<sup>1</sup>[The Leiden Register of Study Programmes Framework Document](#)

- s. reader, first/second the first or second examiner to read and assess the thesis/final paper/final report. The first reader also acts as the supervisor;
- t. student: a person enrolled at Leiden University in order to follow the courses, and/or sit the examinations and final examinations associated with the programme;
- u. working day: Monday to Friday, excluding public holidays and the compulsory closure days specified by the Executive Board.

The other definitions have the meaning that the Act ascribes them.

### Article 1.3 **Codes of conduct**

1.3.1 The Leiden University Code of Conduct on Standards of Behaviour between Lecturers and Students is applicable.<sup>2</sup> The aim of this code is to create a framework for a good, safe and stimulating work and study environment within Leiden University, in which teachers and students respect each other and in which mutual acceptance and trust are important values.

1.3.2. The Leiden University Regulations on ICT and Internet Use are also applicable.<sup>3</sup> These regulations define what is considered appropriate use of ICT and internet and how usage checks will be made. They also explain which conduct is not tolerated and the consequences that apply.

## Chapter 2 **Description of the Programme**

### Article 2.1 **Objectives of the programme**

The programme has the following objectives:

- to provide students with knowledge, understanding and skills in the field of Political Science;
- to provide students with academic training;
- to prepare students for a further academic career, in particular for the Master's programme in Political Science, and the Master's programme in Political Science and Public Administration (Research);
- to prepare students for a career outside academia.

### Article 2.2 **Specialisations**

The programme Political Science has the following specialisations:

- Political Science
- "Internationale Betrekkingen en Organisaties" (IBO)
- International Relations and Organisations (IRO)

---

<sup>2</sup>[Leiden University Code of Conduct on Standards of Behaviour between Lecturers and Students](#)

<sup>3</sup>[Leiden University Regulations on ICT and Internet Use](#)

Article 2.3      **Learning outcomes**

Graduates of the programme have attained the following learning outcomes, listed according to the Dublin descriptors:

a. Knowledge and understanding

The student possesses demonstrable knowledge and understanding of the discipline of Political Science at a level that builds on the foundation of pre-university education (VWO), and has been supported in this by advanced textbooks and an introduction to original research and the frontiers of the discipline, concerning in particular:

1. The key concepts and concept structures in the study of political phenomena such as politics, the state, political systems, democracy, power, influence, policy, political culture, political behaviour, international regimes, international organisations, political conflict and conflict resolution;
2. Theories, models and approaches in the analysis of political phenomena at national and international level;
3. Methodology and techniques of political science research, computer programmes for statistical analysis and ethical aspects of scholarship.

With regard to the object of study, the programme covers the following fields (material learning outcomes):

- a. The institutions and workings of political systems in a comparative perspective;
- b. Political orientations and the political behaviour of the public and elites;
- c. Political philosophy;
- d. The institutions and workings of the Dutch political system;
- e. International relations and international organisations;
- f. European collaboration, integration and the European Union;
- g. Research methods;
- h. Basic knowledge of the auxiliary disciplines of Law, Economics and History.

b. Applying knowledge and understanding:

The student is able to apply concepts and theories of Political Science to research or a literature study of a limited scope, to design and conduct a (simple) study of political phenomena and to select an appropriate research method. The student possesses an understanding of the relevance and application of concepts and theories of Political Science within the societal context.

c. Judgement

The student is able to analyse and assess political phenomena by collecting and interpreting relevant data, and explaining and considering ethical and normative aspects of Political Science research. The student is able to evaluate Political Science literature and empirical research independently, critically, logically and substantively.

d. Communication

The student is able to:

1. Write a satisfactory research report for an audience of specialists and non-specialists; this includes the consistent use of an accepted citation style;
2. Deliver a clear and structured oral presentation reporting information, ideas and research to an audience of specialists and non-specialists .

e. Learning skills

The student possesses the learning skills required for further studies at master's level that require a greater degree of autonomy. In particular, the student is able to analyse academic texts, distinguish between the main idea and the details, and to identify the key concepts, key argument and potential problem areas. The student is able to find academic and journalistic sources in a traditional or digital library.

Article 2.4      **Structure of the programme**

The programme Political Science offers full-time tuition.

Article 2.5      **Study load**

The programme has a study load of 180 credits. The propaedeutic phase has a study load of 60 credits and forms an integral part of the programme.

Article 2.6      **Start of the programme; uniform structure of the academic year**

The programme starts on 1 September. In terms of regular courses, the programme is based on the university semester system and comprises 42 teaching weeks.

Article 2.7      **Minors**

2.7.1 The following minors are offered, which are the responsibility of the Board(s) of Examiners listed below:

- Political Science: Conflict and Consensus

2.7.2 The description of the components belonging to a particular minor can be found in the e-Prospectus. The e-Prospectus also specifies which Board of Examiners is authorised to examine the individual components that comprise the minor.

2.7.3 The educational minors are the responsibility of the ICLON Board of Examiners.

2.7.4 Components that are offered in the context of the Honours tracks are the responsibility of the Honours Academy Board of Examiners.

## Article 2.8 **Final examinations of the programme**

2.8.1 The following final examination can be taken within the programme:

- a. the bachelor's final examination

## Article 2.9 **Language of instruction**

In line with the Code of Conduct on the Language of Instruction and Examination,<sup>4</sup> the language(s) of instruction and examination in the programme is (are): Dutch and English. Students are expected to have an adequate command of the language(s) of instruction and examination of the programme, in accordance with the requirements stated in Article 5.2.4. As appropriate, the Faculty publishes OER in English for English-taught programmes.

## Article 2.10 **Quality**

The programme is accredited by NVAO<sup>5</sup> and meets the national and international quality requirements for degree programmes. The programme's teaching also meets the quality standards for teaching set out in the Leiden Register of Study Programmes Framework Document.

## Chapter 3 **Curriculum**

### Article 3.1 **Compulsory components**

3.1.1 The programme includes compulsory components worth a total study load of 165 (Political Science), 155 (IBO) or 155 (IRO) credits. These compulsory components include the set components from which students are obliged to choose.

3.1.2 *[not applicable]*

3.1.3 The e-Prospectus further specifies the actual structure of the programme, i.e. the study load, level,<sup>6</sup> contents and structure of the components of the curriculum.

### Article 3.2 **Optional components**

3.2.1 In addition to the components referred to in 3.1.1, students may choose optional components worth 25 (IBO/IRO) or 15 (Political Science) credits (a maximum of 30 and a minimum of 15 credits in total). Students may only follow these components once they have passed the first-year (propaedeutic) final examination or the first-year (propaedeutic) phase.

3.2.2 The Board of Examiners must approve the student's selection of components. The Board of Examiners bases its evaluation of the student's selection solely on the coherence and level of the components selected. The approval of the Board of Examiners is not required for minor programmes

<sup>6</sup> In accordance with the 'abstract structure', as specified in the Leiden Register of Study Programmes Framework Document.

with a study load of 30 credits that are recognised as such by Leiden University nor for the minors recognised by Delft University of Technology and Erasmus University Rotterdam.

3.2.3 In addition to the components taught at this university, and subject to the approval of the Board of Examiners, students may also select components offered by other Dutch or foreign universities, or components offered by another legal entity offering accredited undergraduate higher education programmes.

3.2.4 Students may not use components that they follow within the scope of the Honours College as optional components.

3.2.5 Students who are enrolled in the programme may assemble their own programme of components that are taught by an institution, as long as a final examination is associated with these. They will require the permission of the most appropriate Board of Examiners. When granting such permission, the Board of Examiners also indicates to which University programme the programme is considered to belong.<sup>7</sup> If necessary, the Executive Board appoints a Board of Examiners to take this decision.

3.2.6 Contrary to Article 3.2.2, students may not choose the following minor programmes at Leiden University, Delft University of Technology or Erasmus University Rotterdam because their content is similar, fully or in part, to compulsory components in the programme:

- Political Science: Conflict and Consensus

### Article 3.3 **Practicals**

3.3.1 For each component, the e-Prospectus specifies which practicals are included, the nature and scope of the student's workload for these practicals and whether participation in these is a condition of entry to the examination for the component. The Board of Examiners may exempt students from a practical, in which case the Board may choose to apply alternative conditions.

3.3.2 The e-Prospectus specifies the scope and study load of the thesis/final paper/final report, and the requirements that the thesis/final paper/final report must meet.

### Article 3.4 **Sitting examinations and taking part in programme components**

3.4.1 Students who wish to sit an examination must register no later than ten days before the date of the examination, following the applicable procedure.

3.4.2 Students are allocated to programme components in the order of registration. Provided that they register in due time, students who are enrolled in the programme are guaranteed access to the components that are obligatory to the programme. Students may only take certain components once they have passed the examination of a preceding component. The e-Prospectus and the appendices of the OER specify the components to which this condition applies.

---

<sup>7</sup> In accordance with Article 7.3d of the Act ('free curriculum in higher education').

Article 3.5      **Distribution of study materials**

3.5.1      Students are not permitted to make audio or video recordings of lectures without the explicit prior permission of the relevant lecturer. Should such permission be granted, students are only legally permitted to use the recording for their own use; all forms of distribution or publication of the recordings are prohibited.

3.5.2      Students are prohibited from all forms of distribution or publication of study materials. The materials are for students' own use only.

**Chapter 4      Examinations and Final Examinations**

Article 4.1      Frequency of examinations

4.1.1      Examinations are held twice during the academic year for each component offered in that year. The Board of Examiners determines the manner of resit for practicals.

4.1.2      If a component comprises a practical, students may only sit the examination as referred to in 4.1.1 if they have passed the practical, unless the Board of Examiners decides otherwise.

4.1.3      If the mark for a component results from several constituent examinations, or consists fully or partly of the assessment of written work and/or assignments, it is possible to diverge from the number of examinations and resits referred to in 4.1.1, and Article 3.3 of the Rules and Regulations of the Board of Examiners applies.

4.1.4      In accordance with Article 7.13 (2) (h) of the Act, the e-Prospectus specifies the dates of the examinations.

4.1.5      *[not applicable]*

4.1.6      Contrary to the provisions of Article 4.1.1 and at a student's request, the Board of Examiners may in exceptional circumstances allow an additional resit.

4.1.7      If a student has passed an examination linked to a given component but nevertheless resits this examination without the permission of the Board of Examiners after the academic year in which the student passed this examination, the result of the last sitting will not be assessed.

Article 4.2      **Obligatory sequence**

4.2.1      The e-Prospectus and the appendices of the OER specify the sequence in which examinations must be taken. Students may only sit examinations that are subject to an obligatory sequence once they have passed the examinations for one or more other components.

4.2.2      For the components and their attendant examinations which must be completed in a given sequence, the Board of Examiners may in special cases, and following a substantiated written request by the student, agree to an alternative sequence.

**Article 4.3 Form of examination**

4.3.1 The e-Prospectus states whether an examination or the constituent examinations for a component will take the form of a written, oral or other examination.

4.3.2 Students with a disability or chronic medical condition are given the opportunity to apply for individual examination arrangements adjusted to their particular disability or condition. These arrangements may not affect the quality or level of difficulty of the examination. If necessary, the Board of Examiners seeks expert advice, as referred to in the Protocol on Studying with a Disability,<sup>8</sup> before reaching a decision.

4.3.3 In special cases, the Board of Examiners may, at the request of the student and within the scope of the OER, permit a student to sit an examination in another manner than specified in the e-Prospectus.

4.3.4 Examinations are held in the language(s) of instruction and examination for this programme that is (are) specified in the OER. At the request of the student, the Board of Examiners may permit him or her to sit an examination in another language.

**Article 4.4 Oral examinations**

4.4.1 Students take oral examinations individually, unless the Board of Examiners decides otherwise.

4.4.2 Oral examinations are public, unless the Board of Examiners or the examiner concerned decides otherwise owing to special circumstances, or unless the student objects.

**Article 4.5 Rules and Regulations of the Board of Examiners**

4.5.1 In accordance with Article 7.12b (3) of the Act, the Board of Examiners establishes rules concerning the performance of its tasks and responsibilities and the measures it can take in the event of fraud.

4.5.2 The Board of Examiners must guarantee that students are entitled to appeal against decisions of the Board of Examiners or the examiners.

**Article 4.6 Assessment**

4.6.1 The examiner determines the mark immediately after an oral examination has been conducted. The student is informed of this through the University study progress system.

4.6.2 The examiner marks any written examination or constituent examination within 15 working days of the day on which the examination or constituent examination was taken, and informs the departmental office of the result by entering this into the University study progress system. The student is informed of this through the University study progress system.

---

8

<https://www.organisatiegids.universiteitleiden.nl/binaries/content/assets/ul2staff/reglementen/onderwijs/protocol-studying-with-a-disability.pdf>

4.6.3 If the examiner is unable to comply with the period of 15 working days specified in Article 4.6.2, the student is notified accordingly through Blackboard and in a personal mail to the student's u-mail address before this term expires. This notification includes the (latest) date by which the student will be informed of the result.

4.6.4 The examination result will be expressed as a whole number or a number to a maximum of one decimal place between and including 1.0 and 10.0. The result is not expressed as a number between 5.0 and 6.0.

4.6.5 The examination result is considered to be a pass if it is 6.0 or higher.

4.6.6 *[not applicable]*

4.6.7 Together with the written or electronic notification of examination results, students are also informed of their right to inspect their marked examination papers, as referred to in Article 4.8, and of the appeals procedure.

4.6.8 *[not applicable]*

#### Article 4.7 **Period of validity of examinations**

4.7.1 The Faculty Board may limit the period of validity of an examination pass, subject to the authority of the Board of Examiners to extend the period of validity in individual cases. The period of validity of an examination pass may only be limited if the examined knowledge, understanding or skills are demonstrably outdated.

4.7.2 For examinations with a limited period of validity, the Board of Examiners may, in accordance with the criteria specified in the Rules and Regulations and at the request of the student, extend the validity for a period to be specified by the Board itself.

4.7.3 The period of validity limited pursuant to 4.7.1 starts on 1 September of the academic year following that in which the mark was obtained or the exemption granted.

#### Article 4.8 **Inspection and final evaluation**

4.8.1 Students are entitled to view their marked examination within a period of 30 days following the publication of the results of a written examination.

4.8.2 Within the period referred to in 4.8.1, students may inspect the examination questions and assignments, as well as the marking schemes used to mark the examination.

4.8.3 The time and manner of the feedback session on the examination is specified in the e-Prospectus.

4.8.4 The Board of Examiners is authorised to decide whether the viewing of the examination paper and the feedback session take place in a group or individually.

4.8.5 The examiner determines where and when the viewing of the examination paper and the feedback session will take place.

4.8.6 Students who are unable to attend the viewing of the examination paper and the feedback session due to demonstrable circumstances beyond their control are granted another opportunity, if possible within the period referred to in 4.8.1.

#### Article 4.9 **Exemption from examinations and/or practicals**

4.9.1 At the student's request and after consultation with the examiner in question, the Board of Examiners may grant the student exemption from one or more examinations or practicals if the student:

- has completed a component at a research university or university of applied sciences that is similar in content and level to the component for which the student is requesting exemption, or
- has demonstrated, through relevant work or professional experience, that he or she has acquired sufficient skills and knowledge in relation to the component in question, or
- has passed Pre-University College, in which case the Board of Examiners determines the component(s) for which the exemption is granted.

4.9.2 If the exemption concerns components that belong to a minor, the Board of Examiners responsible first consults the Board of Examiners of the programme that provides the minor before deciding whether to grant an exemption.

#### Article 4.10 **Final examination**

4.10.1 The Board of Examiners awards a degree certificate when there is sufficient proof that the final examination has been passed.

4.10.2 As part of the final examination, the Board of Examiners is entitled to conduct its own evaluation of the knowledge, understanding and skills of the examination candidate and to assess the results.

4.10.3 The degree is only conferred once the Executive Board has declared that all procedural requirements (including the requirement to pay tuition fees) have been met. One degree certificate is awarded for each programme. The degree certificate states that the programme or specialisation was delivered by Leiden University.

4.10.4 Pursuant to the regulations referred to in Article 7.11 (3) of the Act, a student who is entitled to graduate may ask the Board of Examiners to postpone graduation, as long as the student has not exceeded the maximum period of enrolment of four years for the programme in question.

4.10.5 This request must be submitted within five working days of the student receiving notification of his or her final examination results. In the request the student must indicate when he or she wishes to receive the degree certificate.

4.10.6 The Board of Examiners may also approve the request if refusing it would result in a considerable injustice.

4.10.7 A supplement in Dutch or in English that conforms to the standard European Diploma Supplement format is attached to the degree certificate. In addition to the degree certificate, students are issued with a translation of the degree certificate and a certificate in Latin.

**Article 4.11 The degree**

4.11.1 The degree of Bachelor of Science is awarded to those who have passed the final examination of the programme.

4.11.2 The degree certificate specifies which degree has been awarded.

**Article 4.12 Degree classification**

4.12.1 The student is awarded a mark for the final examination.

4.12.2 The final mark is based on the weighted average of the marks obtained for all examinations that form part of the final examination, with the exception of the examinations for which an exemption was granted or examinations for which the student only obtained a proof of attendance.

4.12.3 The weighted average of all marks is determined by multiplying the number of ECTS credits for each component by the mark awarded for this component, adding these together and then dividing the result by the number of credits earned.

4.12.4 Without prejudice to the provisions of 4.12.6 and 4.12.7, the degree certificate and diploma supplement include the 'cum laude' classification if the following conditions are met for full-time programmes:

for the bachelor's final examination:

- the weighted average for all components is 8.0 or higher;
- the grade for the bachelor's thesis is 8.0 or higher;
- the bachelor's final examination was passed within four academic years.
- Cum laude cannot be awarded if one of the obtained examination results is the consequence of a resit of a component that had already been passed earlier.

4.12.5 Without prejudice to the provisions of 4.12.6 and 4.12.7, the degree certificate and the diploma supplement include the 'summa cum laude' classification if the following conditions are met for full-time programmes:

for the bachelor's final examination:

- the weighted average for all components is 9.0 or higher;
- the grade for the bachelor's thesis is 9.0 or higher;
- the bachelor's final examination was passed within three academic years.
- Summa cum laude cannot be awarded if one of the obtained examination results is the consequence of a resit of a component that had already been passed earlier.

4.12.6 The Board of Examiners may also decide to award a distinction in other, exceptional cases, on the condition that the weighted average mark does not differ by more than 0.5 from the marks stipulated in the fourth and fifth paragraphs above. This may involve such considerations as the student's development throughout his or her study programme, any exceptional performances on the

part of the student in completing the final paper or thesis and any other relevant exceptional circumstances.

4.12.7 If a student has been subject to disciplinary measures as a result of irregularity, fraud or plagiarism, he or she is not awarded a distinction.

## **Chapter 5 Admission to the Programme 2018-2019**

### **Article 5.1 Direct admission**

5.1.1 Direct admission to the programme is granted to any person who meets the requirements set out in Articles 7.24 and 7.25 of the Act.

5.1.2 The regulations regarding admission to the programme are established in the Enrolment Regulations of Leiden University.<sup>9</sup>

5.1.3 In certain cases as defined in the Act, the Executive Board may deny admission by virtue of its powers under Article 7.28 (1), second and third sentences, of the Act.

5.1.4 *[not applicable]*

### **Article 5.2 Admission**

#### **5.2.1 Admission with propaedeuse from a university of applied sciences**

The holder of a propaedeuse diploma from a university of applied sciences who is not in possession of a diploma as referred to in Article 7.24 (1) of the Act or of a diploma that is considered on the grounds of the second paragraph to be at least equal to such a diploma either by virtue of the Ministry Regulations or by the Executive Board:

a. must demonstrate that he or she possesses the knowledge, understanding and skills required to successfully complete the bachelor's programme. This can be demonstrated by means of the following:

- for holders of a propaedeuse diploma from a university of applied sciences who wish to be admitted to the specialisation Political Science/International Politics IP (previously IBO): mathematics (VWO certificate or Boswell Beta) and Dutch (VWO certificate).
- for holders of a propaedeuse diploma from a university of applied sciences who wish to be admitted to the specialisation IRO: mathematics (VWO certificate or Boswell Beta) and English (see English requirements for IRO in Article 5.2.4.3).

---

<sup>9</sup> [The Regulations for Student Registration of Leiden University.](#)

### 5.2.2 Equivalent qualifications

A person who is not in possession of a pre-university (VWO) diploma awarded after 2007, but who is nevertheless eligible for direct admission on the basis of the Act, may be required to take a test on the subjects referred to in Article 5.2.3.1 at the level of a VWO final examination for the profile that allows for direct admission.

### 5.2.3 Further prior education requirements and deficiencies

5.2.3.1 In accordance with the Regulations of the Minister of Education, Culture and Science of 3 April 2014, no. 540459 regarding admission to higher education, no additional entry requirements apply.<sup>10</sup>

5.2.3.2 *Not applicable*

5.2.3.3 *Not applicable*

### 5.2.4 Dutch and English languages

5.2.4.1 Holders of a diploma obtained outside the Netherlands meet the requirement (for admission to the Political Science and International Politics IP (previously IBO) specialisations) of a sufficient command of the Dutch language if they have passed the *TUL advanced* examination in the Dutch as a Second Language course organised by Leiden University. An International School diploma or a comparable international programme provided in the Netherlands is considered to be a diploma obtained outside the Netherlands.

5.2.4.2 The Board of Examiners may, in special cases, grant exemption from the examination referred to in 5.2.4.1.

5.2.4.3 IRO students must demonstrate a sufficient command of the English language at the overall IELTS level of 6.5, and at least 6.0 for all components; TOEFL overall 90, and at least 20 for all components; Cambridge CAE overall grade C/180, and a score of 169 or higher for all components. Students with a Dutch VWO diploma, an English International Baccalaureate diploma, an EB diploma with English as language 1, or with an English diploma obtained in the US, Canada, New Zealand, Australia, Great Britain or Ireland are considered to have a sufficient command of the English language.

### 5.2.5 Entrance examination

The entrance examination as referred to in Article 7.29 of the Act applies to the following subjects and assesses students on the basis of the following criteria:

For International Politics IP (previously IBO)/Political Science

- at least a HAVO (vocational secondary school) diploma, and
- some years of relevant work experience, and

## **Chapter 6 Student Counselling and Study Advice**

### **Article 6.1 Study progress administration**

6.1.1 The Faculty Board keeps records of the results of individual students.

6.1.2 Students may inspect their results in the study progress system at any time.

6.1.3 From the second year of enrolment, the department asks all students to submit an annual study plan, indicating the examinations they intend to take, and the extracurricular activities relevant to the programme or recognised by the Executive Board in which they intend to participate.

### **Article 6.2 Introduction and student counselling**

As referred to in the Regulation on the Binding Study Advice, the department must provide an introduction and counselling for all students who are enrolled in the programme, in order to familiarise them with their study options in the programme and elsewhere and to facilitate their progress in their studies.<sup>11</sup>

### **Article 6.3 Study advice**

6.3.1 In their first year of enrolment, all students are provided with written advice on the continuation of their studies. The Board of Examiners is authorised by the Faculty Board to issue this study advice. For information on the requirements, the number of times the advice is issued, as well as the possible consequences of this advice, see the Leiden University Regulation on the Binding Study Advice that applies to the study year in question and 6.3.2.

6.3.2 *[not applicable]*

---

<sup>11</sup> [Leiden University Regulation on the Binding Study Advice](#)

6.3.3 A binding negative study advice with refusal only applies to the programme and associated specialisations in which the student is enrolled. The binding study advice also applies to any bachelor's programme which shares the propaedeutic phase with the bachelor's programme.

6.3.4 Students may request an oral explanation of the study advice and information on continuation of their studies within or outside the Faculty and on any other possible education options.

#### Article 6.4 **Supervision of the thesis/final paper/final report**

6.4.1 *[not applicable]*

6.4.2 *[not applicable]*

#### Article 6.5 **Professional sports**

Students who play sports at a professional level are given the opportunity to adjust their study programme to their sporting activities wherever possible. The department determines who falls within this category in line with the guidelines drawn up by the Executive Board.

#### Article 6.6 **Disability or chronic medical condition**

Where possible, students with a disability or chronic medical condition are given the opportunity to adjust their study programme to the limitations resulting from their disability or chronic medical condition.<sup>12</sup> The programme can be adjusted to the individual disability or chronic medical condition of the student in question, but this must not affect the quality or level of difficulty of the components or the programme itself.

#### Article 6.7 **Study and internships abroad**

Special measures will be taken for students who suffer from a demonstrable delay in their studies as a result of study or an internship abroad that has been approved by the Board of Examiners, in order to limit the delay.

### Chapter 7 **Evaluation of the Teaching**

#### Article 7.1 **Evaluation of the teaching**

The teaching in the programme is evaluated as follows:

- course evaluations
- programme evaluation

### Chapter 8 **Final Provisions**

#### Article 8.1 **Amendments**

---

<sup>12</sup>

<https://www.organisatiegids.universiteitleiden.nl/binaries/content/assets/ul2staff/reglementen/onde-rwijs/protocol-studying-with-a-disability.pdf>

8.1.1 Amendments to these regulations are adopted by a separate order of the Faculty Board with the prior consent of the Faculty Council.

8.1.2 Amendments to these regulations that apply to a particular academic year will be adopted before the start of that year and published in the prescribed manner, unless earlier implementation of an amendment to the regulations is strictly necessary and in all reasonableness does not harm the students' interests.

8.1.3 Amendments to these regulations may not adversely affect any prior decision pertaining to students taken by the Board of Examiners on the basis of these regulations.

Article 8.2      **Publication**

The Faculty Board or Programme department is responsible for publishing these regulations and the rules and regulations set by the Board of Examiners, and any amendment to these documents, via the University website.

Article 8.3      **Term of application**

The OER applies for the duration of one academic year.

Article 8.4      **Entry into force**

These regulations enter into force on 1 September 2017.
