Dear [REDACTED] J

Many thanks for your email.

I'm afraid I do not remember [REDACTED] J full name. I would be interested in emails between these persons regarding performance appraisal, work conditions, interactions regarding work and performance appraisal, and employment with the university.

I hope this is specific enough.

Kind regards,

[REDACTED] J

Dear [REDACTED] 

Many thanks for your email. Both letters request specification for more information about my FOI requests and mention the PhD program. [REDACTED] 
[REDACTED]  The second request pertained to my time as a tutor/lecturer in the International Studies program and emails and written records that may have been retained between 2016-2019.

Kind regards,
